SELL MORE DECKS

MiTek® DECK DESIGNER™

FREE ONLINE INTERACTIVE SOFTWARE

→ Quickly change decking material, colors and patterns.

→ Import a photo of the actual house and design the deck around it in 3D.

→ The powerful 3-D function allows you to see how the design looks from inside of your house.

→ Complex designs and takeoffs are faster and more accurate.

→ Print layouts, material lists and permit submittals.

MiTek DECK DESIGNER APP

With the Deck Designer App, the user can design a deck on an iPad and email to their contractor where they can open and modify the design on their laptop.
